COMPANY PROFILE

“We Build
Our
Promises”

Seeing our company's significant growth through the past decades, I am delighted and proud. Since the first day we started, we planned to achieve two goals; one is to contribute to our buyers and the other is to contribute to the community. For the buyer, we have always been endeavoring to create significant developments that is more than just a condominium unit. We make sure that all our developments reflect true meaning of home for home buyers to enjoy. It is a place to entertain the whole family, a great investment and an asset to pass on to the next generation. For the community, The Empire Dynasty Company Limited, one of the leading property development company, has been prepared and ready to move forward in becoming a big part in developing the standard of real estate business in Pattaya to international standards as a contribution to the country's sustainable growth and development.

In the future, property and real estate business in Thailand will continue to expand and grow continuously as a result of the policy from Thai government that focuses on the development of the country's infrastructure, which is an important part of sustainable economic development and national security. For this, we are confident that our products will continue to increase in value and our business will flourish as a whole.

PROJECT TIMELINE

The Embassy rooted from Matrix Developments, a fully integrated property development company founded by our CEO, Mr. Menahem Haim. Hyde Park I was the first low rise-8 floors- condominium project of Matrix. It was constructed on 2 Rai of land in the middle of Thappraya Road. Within a short period of time, Hyde Park I was sold out and clients demanded for more product from the company. Due to this solid start, Matrix released its products to Pattaya property market ever since. Over these years, all our projects were born out of an innovative endeavor together with demands of the continuously growing market in Pattaya. Individually, each Project is known for its unique features and location. Evidently, we have never stopped creating new projects, connecting function, design, market demand and the way we live to deliver trophy products to the market.

High ROI in the Heart of Jomtien

A unique combination of Thai charm and modern metropolitan living, Pattaya is easily one of the world’s prime vacation and retirement spots. In recent years, the resort town has also become known as a compelling investment destination, attracting investors who seek holiday homes abroad or a second property on a buy-to-rent basis.

RETURN ON INVESTMENT

When it comes to reaping maximum gains from investment property, The Empire Dynasty offers excellent profit potential, fulfilling the requirements for high net rental yields, capital appreciation, and excellent return on investment (ROI)

In an investment analysis for the 1-Bedroom unit, priced at THB 2.99 million, a conservative net rental income estimate is THB 276,000 per year, or 9.2 % yield. This price reflects an off-plan purchase where the unit is sold at 25 % below its actual market value. Investor costs are roughly THB 3.29 million, including the purchase price, sinking fund, utilities fees, cable cost, furnishings, legal/administrative and transfer fees, and maintenance costs for five years.

In a 5-year timeframe, this secure investment could achieve a capital growth rate of 10 to 20 %. This potential gain, along with the rental income, would result in healthy ROIs of 87% to 133%.

Similarly, a 1-bedroom unit of 51 sqm priced at THB 4.99 million, also reflecting a 25 % off-plan purchase discount, would generate ROIs of 87% to 133% in five years. This is based on total investor costs of about THB 5.45 million; a conservative Annual net rental income of THB 450,00 or a 9% yield; and capital appreciation of 10 to 20 %

The Empire Dynasty and its portfolio of successfully completed projects stand as a guarantee of quality and excellence. Whether investors seek long or

short-term rental income, and/or capital gains, the condos of The Empire Dynasty are versatile and stable, substantially outperforming and avoiding the unpredictability of other types of investment.
